

Score cards

You can also print scorecards for any x-courses without creating a tournament. Choose **Setup/Clubs+Courses/Print.../Score-Cards**.

The screenshot shows a software dialog box titled "Scorecard - single player / blank scorecard". The dialog is divided into two main sections. The left section contains input fields for "Type" (set to "1. Score card with frames"), "Title", "Info 1", "Info 2", "Course" (with "9001.1" and "Sonnenschein - Nordplatz" and a "Define tees" button), "Player", "Marker", "Date" (with "13.10.16"), "Time", "Number of holes" (with "18"), and "Number" (with "1") of scorecard(s). There are also checkboxes for "with stroke index" and "Extra-Day-Score". The right section contains a vertical stack of buttons: "Print" (with a printer icon and "F8" shortcut), "Eject", "Setup", and "Quit" (with a red 'x' icon).

The prerequisite is that the course data for the club is entered in PC CADDIE: [Enter course data](#).

For the scorecard layout, you can use one of the layouts saved in PC CADDIE and print on BLANKO paper: [Print scorecards](#).
