

Start times online payment

With the help of this tool, golf clubs have the possibility to let their guests who book a tee time online pay immediately.

We distinguish between optional payment, i.e. the guest has the option to choose whether he/she wants to pay optionally or on site, and obligatory payment, i.e. the guest has to pay online when booking the tee time.

The facility

All green fee automations must be set up for the green fee articles including the timetable rules. There must also be a member green fee article (amount zero) and the corresponding timetable rule. Please also read here ->[Green fee article](#) .

PC CADDIE online activates the payment; PC CADDIE helps you to set up the 2 necessary payment types. 2 payment types are created: PCC Voucher Sale and Redemption. When the start time is paid online, a voucher is generated internally, which must then be booked out in the subsequent step.

This concludes the booking of the starting time and the payment of the starting time.

A voucher has been generated internally in PC CADDIE which still has to be redeemed.

Recognition of the credit card payment in the timetable

In the timetable, the booking looks as follows. You can recognise the online payment by the money icon.

The screenshot shows a timetable with time slots from 19:12 to 20:00. A booking for 'Tee 1 18-Loch 12 Min' is highlighted in cyan at the 19:48 slot. A red arrow points to a price tag of '35.0' with a money icon, indicating a credit card payment.

Also via the button *Info* in the timetable booking - tab *Credit card* you can also see the internal voucher code.

Printing the green fee and redeeming the voucher

If this guest is now standing with you days later, the green fee must now be printed/sold. In the timetable booking click the button *Print* or make a normal cash booking. This will automatically redeem the voucher:

Cancellation of a start time-Online Payment

Cancellation of a start time booking including online payment is also possible within a certain period of time. Please define this period and let us know.

Cash desk / sales account

The booking can be seen in the cash register:

The screenshot shows a window titled "Rechnung" with a close button in the top right corner. The main content area displays a receipt for "Rechnung Nummer: 202016089". The receipt items are as follows:

Item	Quantity	Netto	Brutto
1.0 Gratis Greenfee		5.00	5.00
Summe:			5.00
5.00 PCC WebPayment PT5RGSYK			5.00

At the bottom of the window, there is a button labeled "Ende" with a small red 'X' icon to its left.

The booking is also visible in the player's turnover account:

The screenshot shows a window titled "Umsatzkonto - PROSHOP" with standard window controls in the top right. The main area contains a table with the following columns: Information, Datum, Zeit, S, Netto, Brutto, and OK. The data rows are:

Information	Datum	Zeit	S	Netto	Brutto	OK
Rechnung 202016089 (OK)	06.08.20	11:51		4.64	5.00	✓
gfgr 1 x Gratis Greenfee	06.08.20	19:48	N	4.64	5.00	✓
PCCV PCC WebPayment PT5RGSYK	06.08.20	11:51	Z		-5.00	✓

On the right side of the window, there is a vertical toolbar with several buttons: a navigation arrow, a search icon, a "Beitr. Wahl (F2)" button, a "Beitr.-Typ (F7)" button, an "Ändern" button with a red circle icon, and a "Storno (F5)" button with a red 'X' icon.
