

Subscription list

Print the current status of your subscription green fees, trolleys, carts or -SPAs with PC CADDIE. You can create subscription articles only in a cash account area. Find out how to create subscription articles [here](#).

Enter the menu item **Accounts/Print.../Abo-List**. Here you have to make the following settings: first, select the subscription article (1) and the time-frame (2), and then press **Print**. If you leave the **of** field empty, the entire history of the subscription item will be displayed, from the time of sale.

The screenshot shows a dialog box titled "Subscription evaluation". It has a green header bar with a close button. The main area contains several input fields and buttons. A red circle with the number "1" is next to the article selection field, which contains "N_000076" and "GF_Gold 30 Abo". A red circle with the number "2" is next to the date range field, which shows "from: . ." and "to: 19.11.2010". Below this is a "Persons group" dropdown menu set to "All persons". On the right side, there are two buttons: "Print" (with a printer icon and "F8" key) and "Cancel" (with a red "X" icon).

Then you get a list like the following:

No.	Customer	Purchased	Used	Rest
1	Heck, Axel	30,0	3,0	27,0
2	Kainz, Katharina	30,0	1,0	29,0
3	Quickert, Rosemarie	30,0	5,0	25,0
4	Stökle, Stefanie	30,0	20,0	10,0
Total		120,0	29,0	91,0

On the sample printout you can see that Axel Heck has already used 3 out of 30 purchased green fees and still can play 27 rounds.

The print-out from 19.11.10 shows that 29 subscription green fees were used out of a total of 120. 91 can still be redeemed.
